

Nina Slanevskaya  
English for Beginners. Grammar and Phonetics, 2014

This book is written for beginners who study English with a teacher. It can also be used for self-study: in Part II a student can find the explanation in Russian. The book contains a Phonetic section, Spelling section, Grammar section, and the lists of new words for exercises in each section. The book can be used by the students of the pre-intermediate level to revise grammar rules.
